

Entertaining The World In One Place

Team 4 - Netflix

Why the Live Sports Streaming Market matters

Snapshot

Global live streaming market \$87.55 billion (2023).

Live sports streaming market \$22.3 billion (2024).

Viewer behavior trends

70% of Gen Z and Millennials prefer streaming sports online over cable.

Esports and traditional sports audiences are converging, fans want access to both.

Competitors

YouTube TV

Twitch

ESPN +

Hulu Live

Entering the live tv streaming market

Chosen Market Segment

College students (18–23)
seeking live sports/esports
streaming with multi-view
angles and exclusive
content on Netflix

Opportunities in the Market

Capture the unmet student demand

Boost engagement and retention

Stand out with all-in-one access

Reduce churn through exclusivity

Leverage shift from cable

Why This Segment Is the Best Starting Point

Proven early demand

Tech-savvy adopters

Clear pain points Netflix can solve

Represent the next generation of sports/esports watchers that drive future demand

MARKET PROBLEM

Sports fans who are college students struggle to find one platform that combines live sports, esports, and exclusive behind-the-scenes content, because current streaming services fragment coverage across multiple subscriptions and lack immersive, insider access.

Meet Jack Dempsey, our target user

Name: Jack Dempsey

Age and gender: 21, Male

Job: College Student/ Part time worker

Income range: \$5,000 / yr

Location: Rochester, NY

Short bio:

Jack is a junior at the University of Rochester majoring in finance and a member of the basketball team.

Lifestyle and values:

Jack leads an active, social life and values flexibility, entertainment, and staying connected. He's tech-savvy, cost-conscious, and loves personalized, interactive experiences, often multitasking between games, fantasy scores, and social media.

Professional context:

Being on the basketball team, Jack can't work during the school year, but will typically work a part time job during the summer.

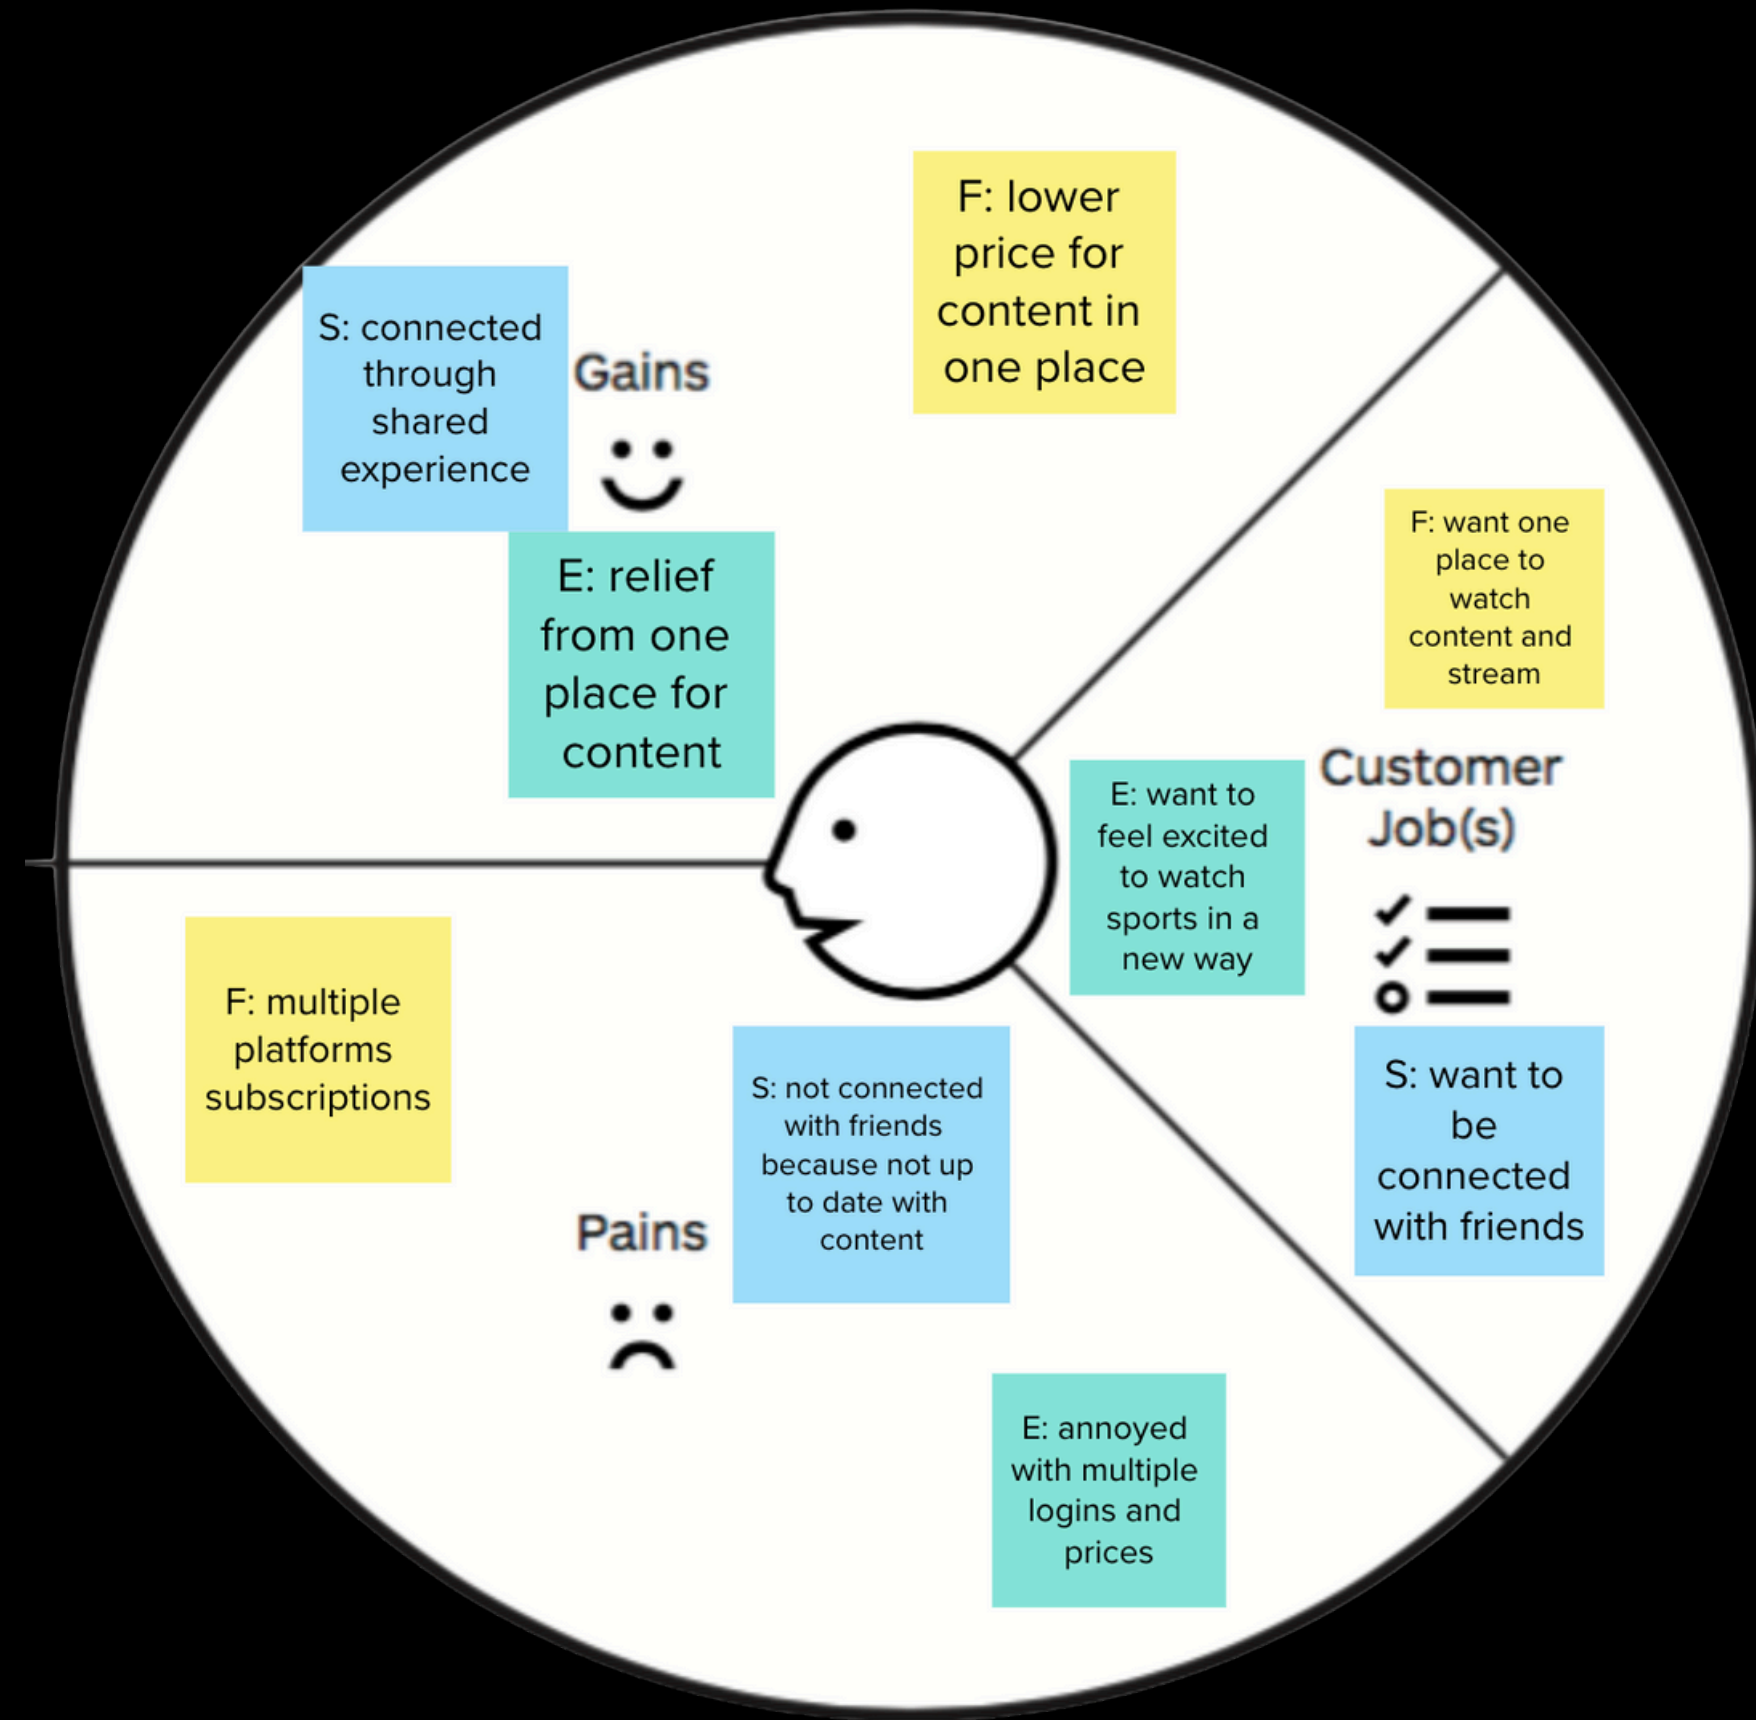

Goals:

- Short-term goals:
 - Stay updated on favorite teams and leagues in one place
 - Watch live sports affordably and conveniently on any device
- Long-term goals:
 - Maintain affordable access to all major content without paying for multiple subscriptions
- Key drivers and priorities:
 - Seamless all-in-one access
 - Affordability and flexibility

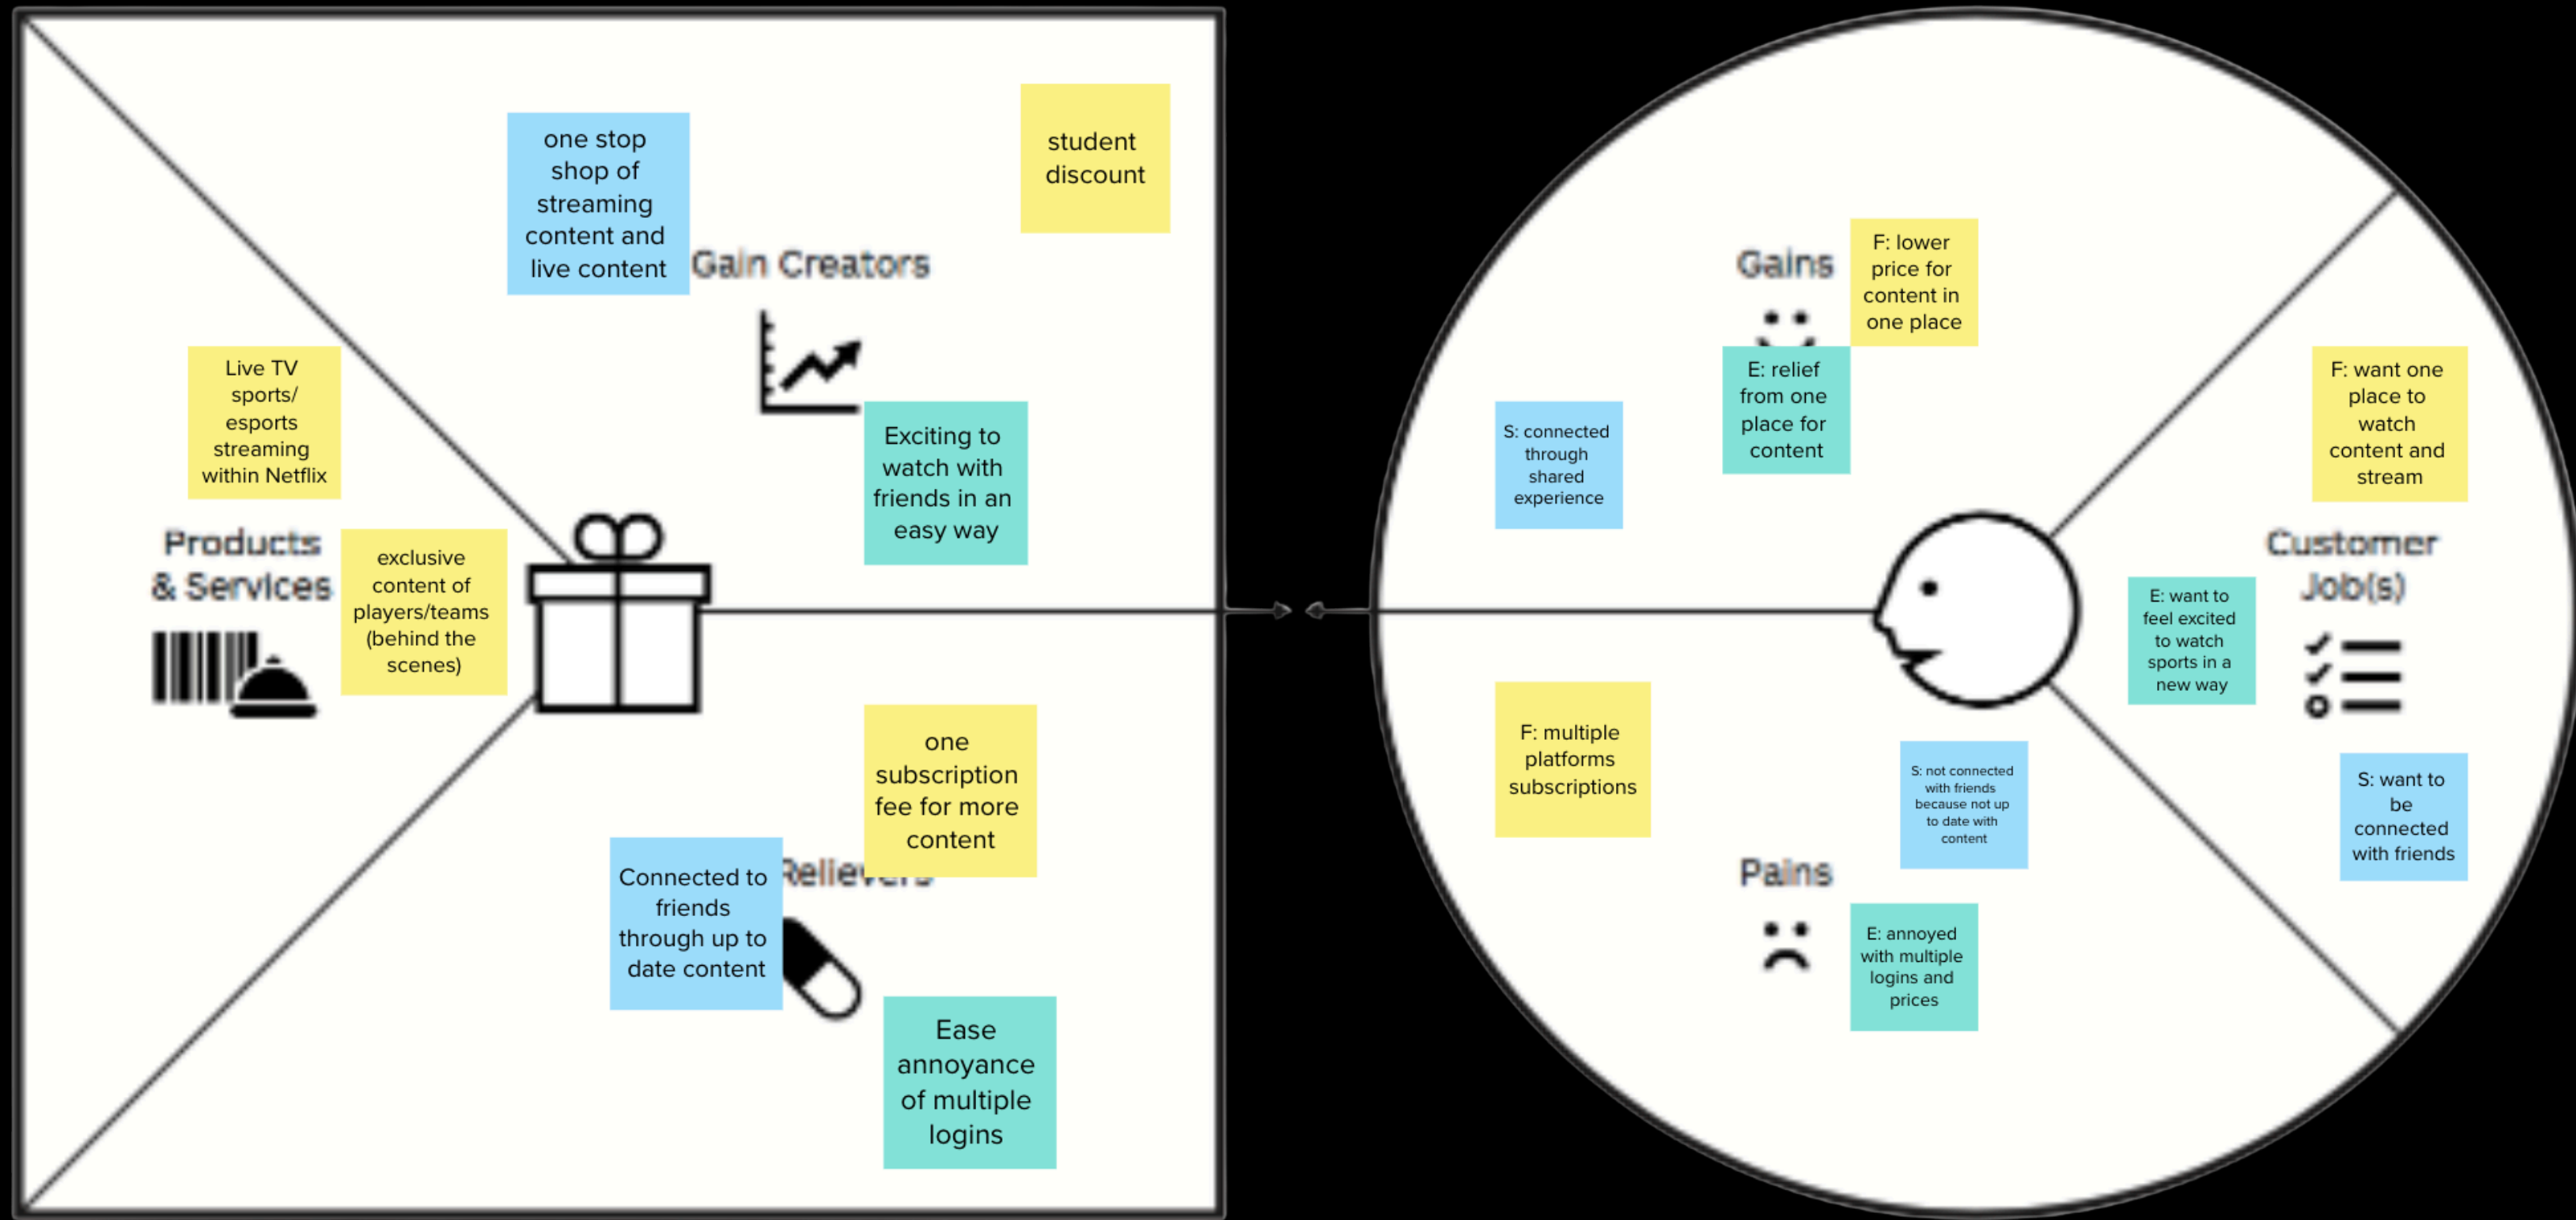

Barriers:

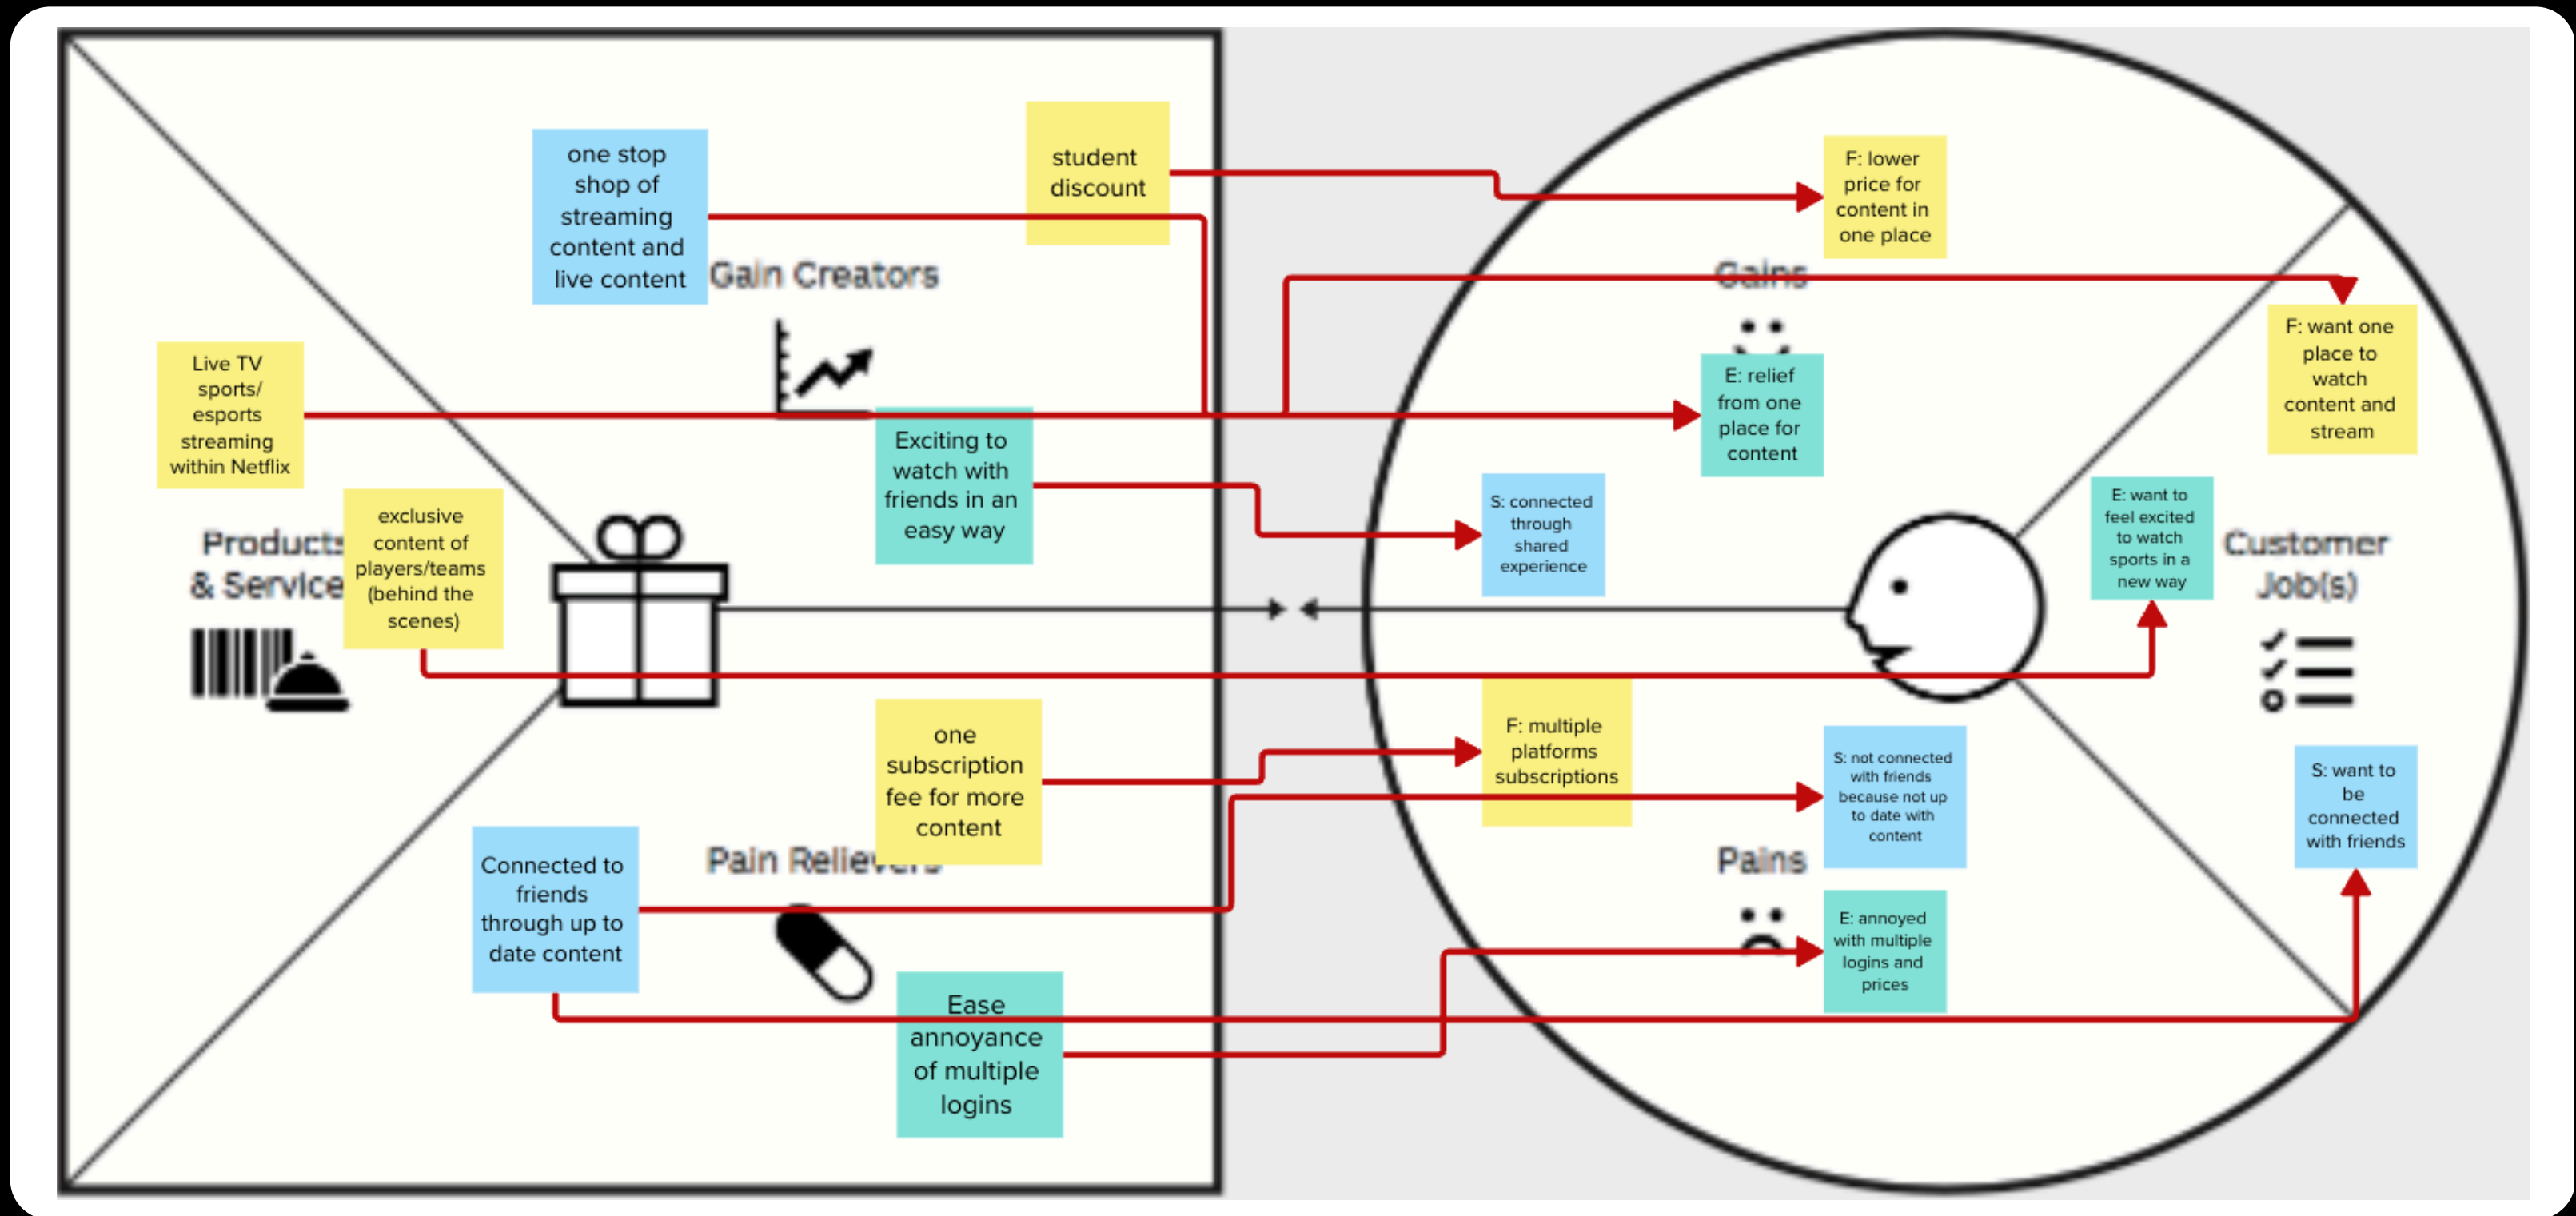

- Practical challenge:
 - Managing multiple subscriptions to access all games
- Emotional frustration:
 - Feeling disconnected when friends use different platforms
- Obstacle to success:
 - High cost of premium sports packages

Customer's Jobs, Pains, and Gains

BUSINESS MODEL CANVAS

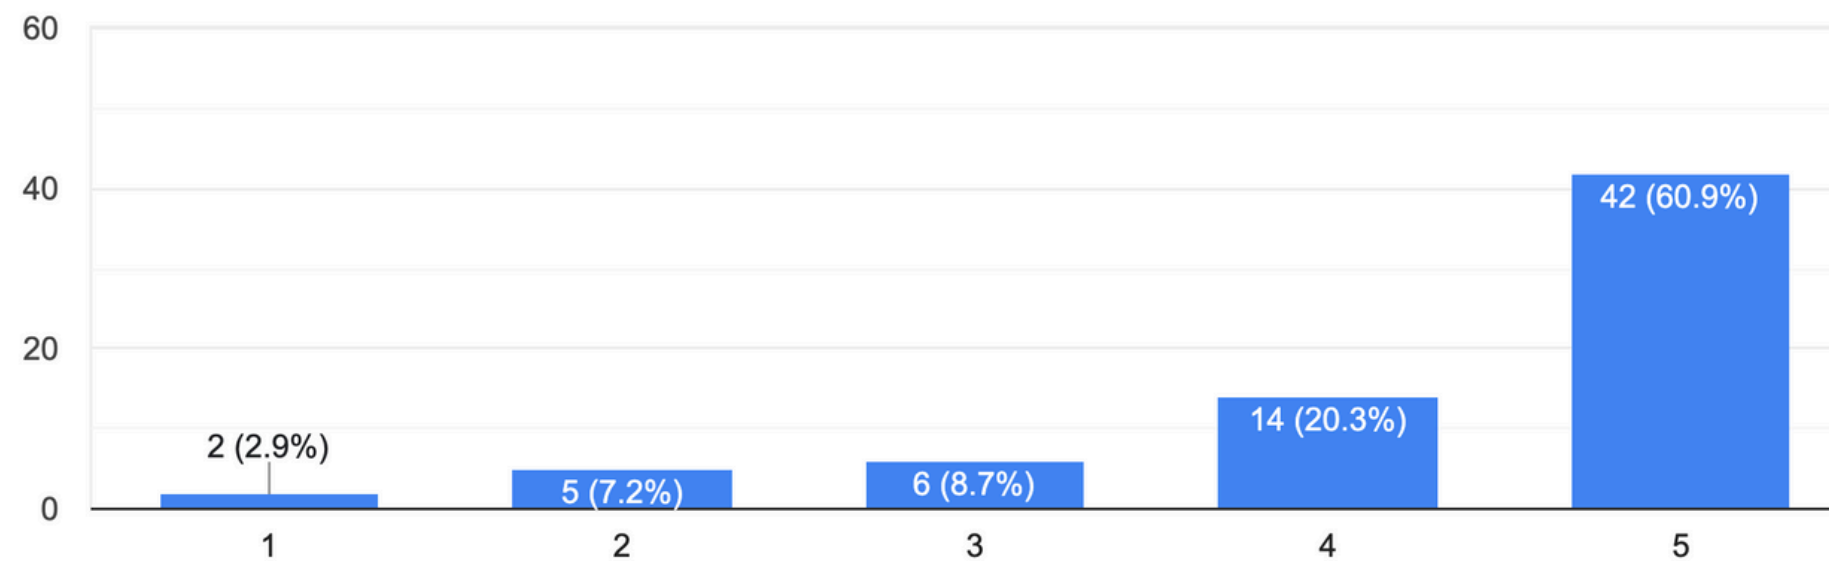

Hypothesis 1

We believe that greater than 40% of our target audience is interested in a one stop shop streaming platform

On a scale of 1-5, how appealing would a single streaming platform that combines all your favorite streaming services (TV shows, movies, sports, and esports) into one place be to you?

69 responses

Total of 60.9% (very appealing)
+ 20.3% (appealing) = 81.2%
find the "one-stop-shop" idea
appealing.

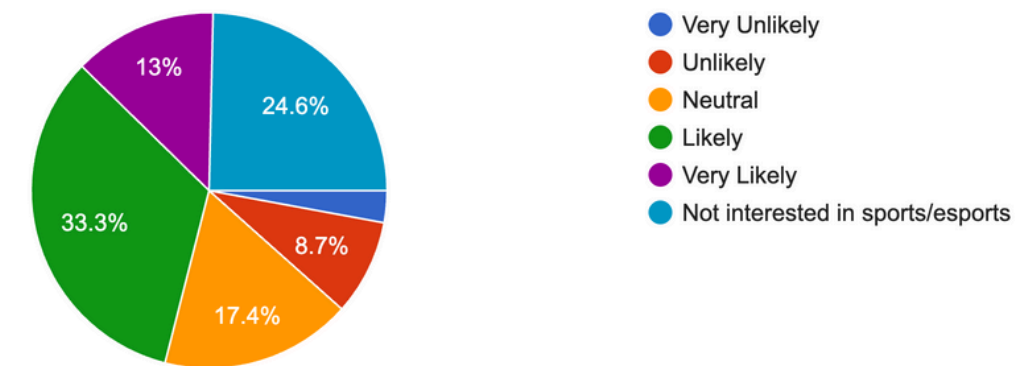

Hypothesis 2

We believe that greater than 40% of college students want a live sports/esports add-on that has exclusive coverage.

- Total of 33.3% (very likely) + 13% (likely) = 46.3% appreciate exclusive coverage.
- Dig deeper in Survey 2: The exclusive content we should prioritize as a feature is Mic'd up (81.6%) and Behind the Scenes content (76.3%)

If you enjoy watching live sports or esports, how likely are you to be interested in exclusive behind-the-scenes or team/player content?

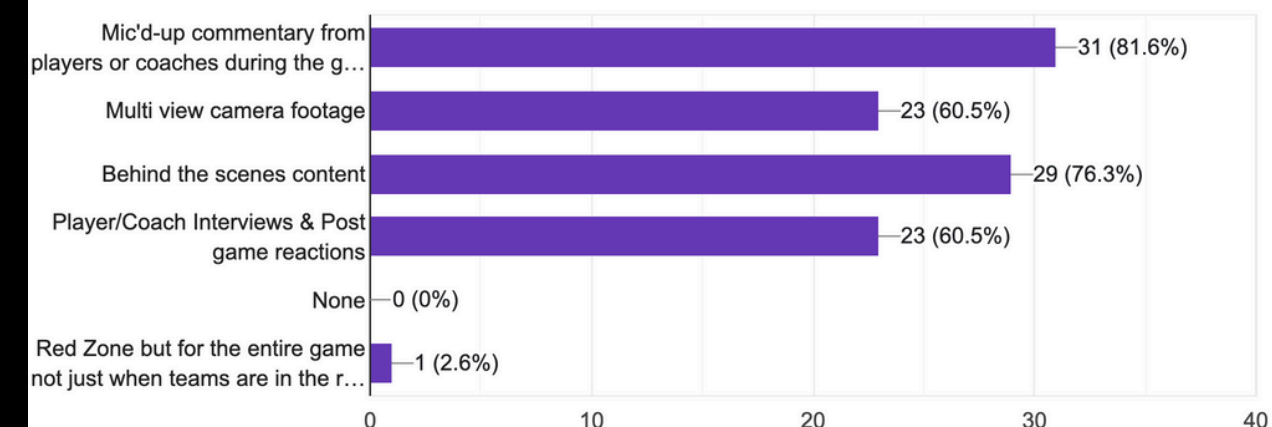

69 responses

More
specific

Which forms of exclusive sports/esports coverage would you be most interested in? (Select all that apply)

38 responses

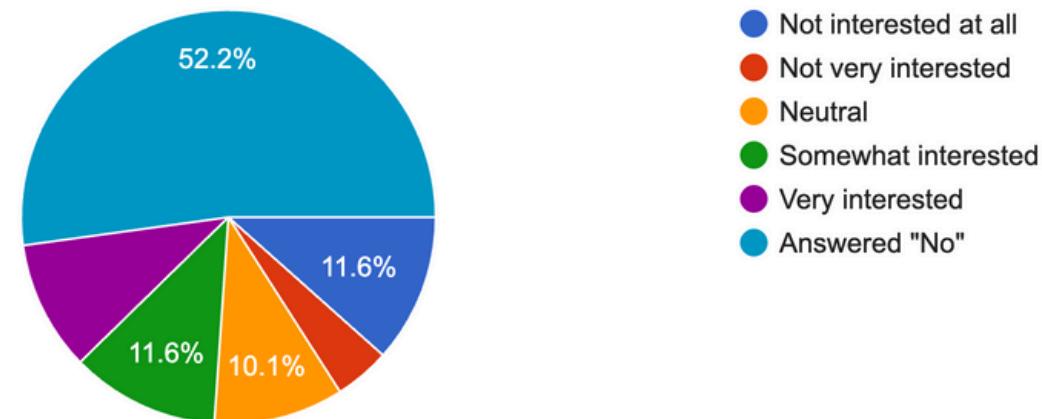

Hypotheses Invalidated

1. We believe that our target audience want a live chat.
2. We believe that our target audience are interested in sports betting.

If yes, How interested would you be in participating in sports betting while watching live sports or esports content directly through the streaming platform they are being aired on?

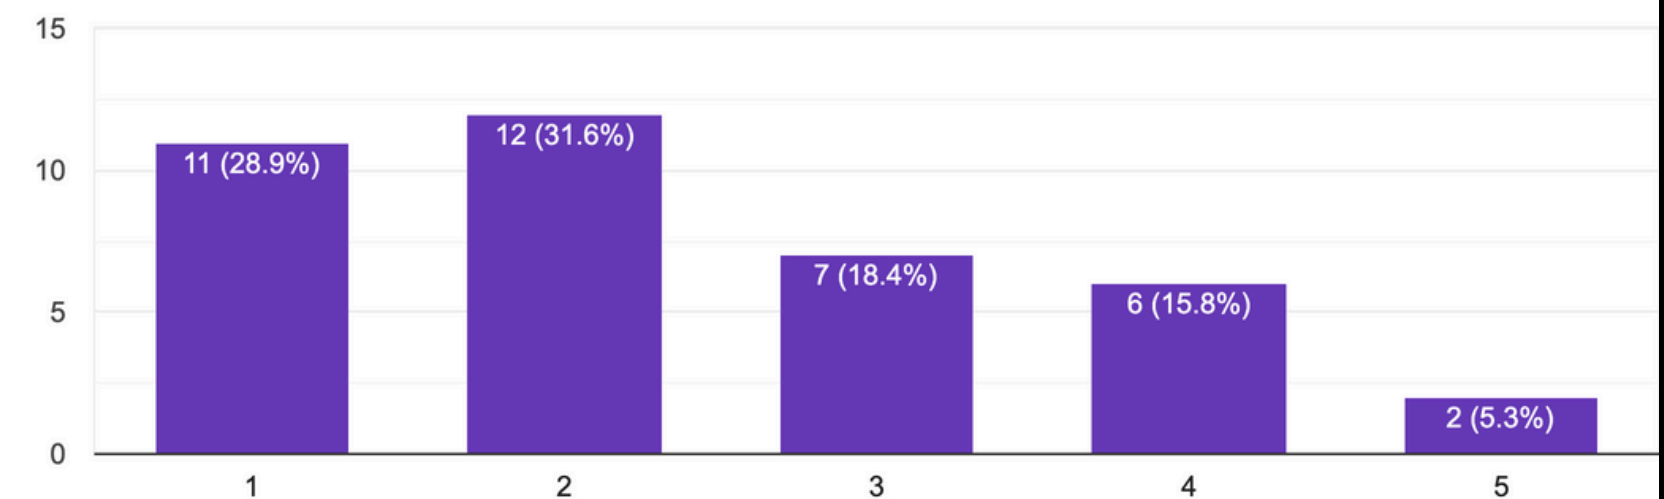

69 responses

- 50% participants don't ever bet.
- Only 10.1% (very interested) + 11.6% (somewhat interested) = 21.7% want sport betting. (<40%)

How appealing would it be to chat with other viewers during live sport events?

38 responses

- Only 5.3% (5) + 15.8% (4) = 21.1% respondents voted appealing on live chat.
- 78.9% of respondents voted 1-3, with the majority voting 1-2. (nullified)

SUCCESS FACTORS

Budget

- Product budget cost
- Infrastructure/algorithm costs

Integration

- Integration with the platform
- Live streaming

Licensing / Partnerships

- Getting partners
- Licensing deals

Marketing / Promotion

- Marketing team
- Promotion

CRITICAL RISKS/MITIGATIONS

Price

- Pricing for customers
 - Willingness to spend
 - Neutral responses
-

- Run tests, research costs
- Inform testers on features

Competitors

- Various competitors in the market
 - How do we stand out?
-

- Focus on exclusive/close-up content
- Comprehensive package
- Further research on what is lacking

Implementation

1. Pilot Execution

Launch beta version of 'Netflix One' in selected U.S colleges & major sports/esports events to test streaming reliability, feature performance, UI usability, and market validation.

2. Data Evaluation & Optimization

Collect user feedback and usage analytics from the beta version to refine pricing, optimize the User Interface, and prioritize popular exclusive content.

3. Strategic Expansion

Scale Netflix One nationally by expanding content partnerships, targeting student marketing campaigns across campuses, social media, and sports/esports communities.

NETFLIX

Thank You!
